- **Web Developer Intern** 📄 **June-Sep 2021**
Uncertain Co.
Remote
Delhi.
 - Worked on organization website, fixed some bugs, added some responsive web pages
 - Worked in collaboration with a group of people on portfolio projects using git without any conflicts.
 - Designed modern user interfaces with, HTML5 CSS3 and JavaScript.

PROJECTS

JNTUH GPA CALCULATOR 📄
| HTML CSS FLASK MYSQL BOOSTRAP

- A Web-based application that offers students to do mathematical computations which helps in finding accurate CGPA & SGPA with an interactive and user-friendly Graphical User Interface.
- It is based on a ten (10) point scale as used by JNTUH University.
- It includes features like Target GPA Calculator which generates average SGPA to be scored in upcoming semesters to maintain Target GPA.
- The GPA score will be recorded in the database and users can track their progress by login.

BUDGET BUDDY

| HTML CSS FLASK MYSQL AOS.js

A Personal Expense Tracker that aims to help everyone who are planning to know their expenses and limit it from spending more. User will be able to see Graphical analytics of expenses and incomes of whole month will be displayed in the dashboard.

CAREER HUB

| HTML CSS PHP MYSQL

A Job portal application which connects recruiters and job seekers where recruiters are the source of the resources, and the job seeker can find and apply for their targeted job.
